

# Cross-Boundary Landscape Restoration Workshop

## *All-lands Forest and Fire Management in Arizona, Colorado, and New Mexico*

March 2–4, 2020

*Hotel Andaluz, Albuquerque, New Mexico*

---

**THEME:** Collaborative Landscape Restoration – Needs and strategies to get to shared stewardship and cross-boundary forest and fire restoration.

**OBJECTIVES:**

- Share successes and lessons-learned on cross-boundary, collaborative efforts to restore fire-adapted forest landscapes
  - Develop recommendations and strategies for emerging collaborative landscape-scale restoration projects
- 

### AGENDA At-A-Glance

Monday March 2<sup>nd</sup> 1:00 PM start

#### KEYNOTE SPEAKER

**Vicki Christiansen**

**Chief, USDA Forest Service Management**

Perspective on Shared Stewardship, Landscape Restoration and Collaborative Partnerships

#### PLENARY SPEAKER

**Courtney Schultz**

**Director of the Public Lands Policy Group and Associate Professor  
Colorado State University**

Research Perspective on Shared Stewardship, Cross-Boundary Restoration and Collaborative Partnerships

#### **Interactive exercise** to Validate Workshop Objectives and Outcomes

- Identify current strengths and gaps for cross boundary landscape restoration
- Prioritize strategic outcomes for 2020 and beyond

**Lessons learned in cross-boundary shared stewardship:** Peer to peer learning from practitioners and partners highlighting CFLRP projects, State and Regional Initiatives

- Focused achievements and challenges with collaboration, forest management, and landscape restoration

**Poster Social** Beverages and Heavy Appetizers Provided thanks to our Sponsors!

- Poster session to learn progress and challenges from collaborative forest landscape restoration science and management. Enjoy food, locally brewed beer and wine while getting to know colleagues and peers. Submit poster abstracts [here](#).

**Cross-Boundary Landscape Restoration Workshop**  
*All-lands Forest and Fire Management in Arizona, Colorado, and New Mexico*

**Tuesday March 3<sup>rd</sup> 8:30 am – 5:00pm**

**KEYNOTE SPEAKER**

**Laura McCarthy**  
**State Forester, New Mexico**

Forest Restoration and Shared Stewardship in New Mexico

**Lessons learned in cross-boundary shared stewardship:** Peer-to-peer learning from practitioners and partners highlighting CFLRP projects, State and Regional Initiatives

- Focused achievements and challenges with collaboration, forest management, and landscape restoration

**Lost in Translation Breakout Groups:** Translating Collaborative Planning into Implementation

- Identify current strengths and gaps between planning and implementation, and share creative science-based solutions with partners.

**LUNCH PROVIDED** thanks to our Sponsors!

**Lost in Translation Breakout Groups, continued:** Translating Collaborative Planning into Implementation

**Plenary:** Modernization and Efficiencies: Moving from concept to implementation

**Wednesday March 4<sup>th</sup> 8:30am – 12:00 noon**

**Plenary:** Science Tools for Landscape-scale Planning

- Potential Topics
  - Spatial risk assessment and planning tools
  - Shared stewardship example from states
  - Climate change and vulnerability assessment tools
  - LiDAR work for planning, wood characterization and monitoring

**Discussion:** Stakeholder experience taking science to actionable knowledge across large landscapes: successes and challenges

**Plenary:** Incorporating Lessons Learned into the next 10 years - Jessica Robertson and Lindsay Buchanan USFS, Collaborative Partnerships and CFLRP

**Plenary:** Moving forward

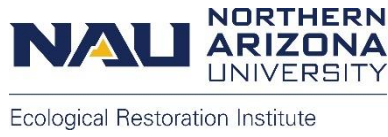

- Summarizing and applying lessons learned to cross-boundary landscape restoration.
- Developing a frame work for future work and partnerships.

**12:00 NOON ADJOURN AND SAFE TRAVELS!!**
